Notes:

- Dependent age: to end of the month in which the child attains age 26.
- Members are encouraged to always obtain prior approval when using non-network providers. Precertification will help the member know if the services are considered not medically necessary.
- All medical and prescription drug deductibles, copayments and coinsurance apply toward the out-of-pocket maximum (excluding Non-Network Human Organ and Tissue Transplant (HOTT) Services).
- No charge means no deductible/copayment/coinsurance up to the maximum allowable amount. 0% means no coinsurance up to the maximum allowable amount. However, when choosing a Non-network provider, the member is responsible for any balance due after the plan payment.
- If your plan includes out-of-network benefits, In-network and out-of-network deductibles, copayments, coinsurance and out-of-pocket maximum amounts are separate and do not accumulate toward each other.
- If you have an office visit with your Primary Care Physician or Specialist at an Outpatient Facility (e.g., Hospital or Ambulatory Surgical Facility), benefits for Covered Services will be paid under “Outpatient Facility Services” which is generally coinsurance or coinsurance after your deductible is met.

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details,

important limitations and exclusions, please review the formal Evidence of Coverage (EOC). If there is a difference between this summary and the Evidence of Coverage (EOC), the Evidence of Coverage (EOC), will prevail.

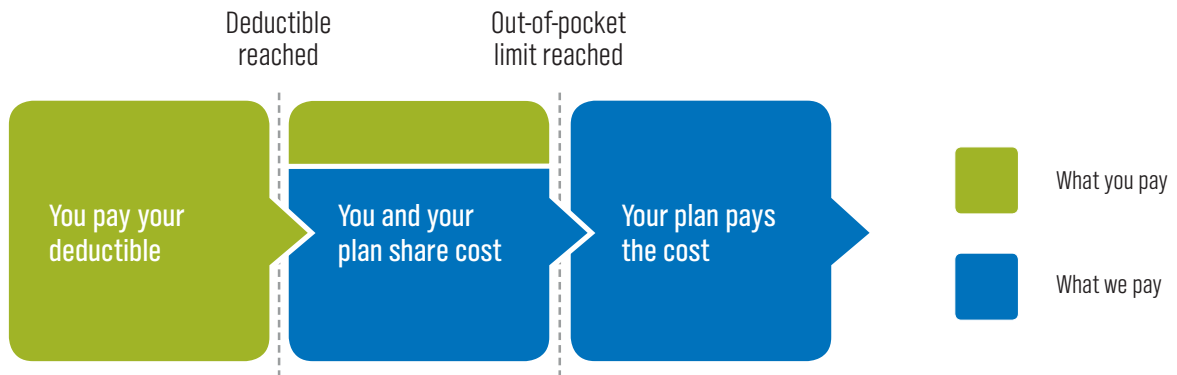

The basics explained

Before we dive into the plan details, it may be helpful to review some health benefit basics.

What you pay and what your plan pays

This chart is only an example. Your actual cost share will depend on your plan, the service you get and the doctor you choose. Check your plan details to see your actual share of the cost.

Words that are helpful to know

We can help you crack the code of health insurance lingo. Here are the meanings of some common terms:

<p>Deductible:</p> <p>A set amount you pay each year for covered services before your plan starts to pay for covered health care costs.</p>	<p>Copay:</p> <p>A flat fee you pay for covered services like doctor visits.</p>	<p>Coinsurance:</p> <p>Once you've met your deductible, you and your health plan share the cost of covered health care services. The coinsurance is your share of the costs, usually a percent of the cost of care. Your plan details show what portion of the cost you'll pay.</p>
<p>Out-of-pocket limit:</p> <p>This is the most you have to pay out of your own pocket each year for covered services. This amount may include your deductible and your percentage of the costs, depending on your plan. And some plans may still have you pay a copay at the time of service.</p>	<p>Premium:</p> <p>The premium, also called a monthly payment, is what you pay for the plan. It's the money that comes out of your paycheck. Think of it like a membership fee that's separate from what you pay when you get care.</p>	

Take care of yourself

Use your preventive care benefits

Getting regular checkups and exams can help you stay healthy and catch problems early – when they're easier to treat.

That's why our health plans offer all the preventive care services and immunizations below – at no cost to you.¹ As long as you see a doctor or use a pharmacy or lab in the plan, you won't have to pay anything for these services and immunizations. If you want to visit a doctor or pharmacy outside the plan, you may have to pay out of pocket.

Not sure which services make sense for you? Talk to your doctor. He or she can help you figure out what you need.

Preventive vs. diagnostic care

What's the difference? Preventive care helps protect you from getting sick. If your doctor recommends you have services even though you have no symptoms, that's preventive care. Diagnostic care is when you have symptoms and your doctor recommends services to determine what's causing those symptoms.

Adult preventive care

Preventive physical exams

Screening tests:

- Alcohol misuse: related screening and behavioral counseling
- Aortic aneurysm screening (men who have smoked)
- Behavioral counseling to promote a healthy diet
- Blood pressure
- Bone density test to screen for osteoporosis

- Obesity: related screening and counseling*
- Prostate cancer, including digital rectal exam and prostate-specific antigen (PSA) test
- Sexually transmitted infections: related screening and counseling
- Tobacco use: related screening and behavioral counseling
- Tuberculosis screening
- Violence, interpersonal and domestic: related screening and counseling

Immunizations:

- Diphtheria, tetanus and pertussis (whooping cough)
- Hepatitis A and hepatitis B
- Human papillomavirus (HPV)
- Influenza (flu)
- Measles, mumps and rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)

Women's preventive care:

- Well-woman visits
- Breast cancer, including exam, mammogram, and genetic testing for BRCA 1 and BRCA 2 when certain criteria are met⁴
- Breastfeeding: primary care intervention to promote breastfeeding support, supplies and counseling^{5,6,7}
- Contraceptive (birth control) counseling
- Food and Drug Administration (FDA)-approved contraceptive medical services, including sterilization, provided by a doctor
- Counseling related to chemoprevention for those with a high risk of breast cancer
- Counseling related to genetic testing for those with a family history of ovarian or breast cancer
- HPV screening
- Screening and counseling for interpersonal and domestic violence
- Pregnancy screenings, including gestational diabetes, hepatitis B, asymptomatic bacteriuria, Rh incompatibility, syphilis, HIV and depression⁶
- Pelvic exam and Pap test, including screening for cervical cancer

These preventive care services are recommendations of the Affordable Care Act (ACA or health care reform law). They may not be right for every person, so ask your doctor what's right for you.

This sheet is not a contract or policy with Anthem Blue Cross and Blue Shield. If there is any difference between this sheet and the group policy, the provisions of the group policy will rule. Please see your combined Evidence of Coverage and Disclosure Form or Certificate for exclusions and limitations.

A word about pharmacy items

For 100% coverage of your over-the-counter (OTC) drugs and other pharmacy items listed here, you must:

- Meet certain age requirements and other rules.
- Get prescriptions from plan providers and fill them at plan pharmacies.
- Have prescriptions, even for OTC items.

Adult preventive drugs and other pharmacy items — age appropriate:

- Aspirin use (81 mg and 325 mg) for the prevention of cardiovascular disease, preeclampsia and colorectal cancer by adults less than 70 years old.
- Colonoscopy prep kit (generic or OTC only) when prescribed for preventive colon screening
- Generic low to moderate dose statins for members that are 40–75 years and have 1 or more CVD risk factors (dyslipidemia, diabetes, hypertension, or smoking)
- Tobacco-cessation products, including all FDA-approved brand and generic OTC and prescription products, for those ages 18 and older

Child preventive drugs and other pharmacy items — age appropriate:

- Dental fluoride varnish to prevent the tooth decay of primary teeth for children ages 0–5
- Fluoride supplements for children ages 6 months to 16 years old

Women's preventive drugs and other pharmacy items — age appropriate:

- Contraceptives, including generic prescription drugs, brand-name drugs with no generic equivalent and OTC items like female condoms and spermicides^{6,8,9}
- Low-dose aspirin (81 mg) for pregnant women who are at increased risk of preeclampsia
- Folic acid for women ages 55 or younger who are planning and able to get pregnant

Breast cancer risk-reducing medications, such as tamoxifen and raloxifene, that follow the U.S. Preventive Services Task Force criteria³

For a complete list of covered preventive drugs under the Affordable Care Act, view the Preventive ACA Drug List flier available at anthem.com/pharmacyinformation.

1 The range of preventive care services covered at no cost share when provided by plan doctors is designed to meet state and federal requirements. The Department of Health and Human Services decided which services to include for full coverage based on U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your **Certificate of Coverage** or call the Member Services number on your ID card.

2 Some plans cover additional vision services. Please see your contract or **Certificate of Coverage** for details.

3 You may be required to get preapproval for these services.

4 Check your medical policy for details.

5 Breast pumps and supplies must be purchased from plan providers for 100% coverage. We recommend using plan durable medical equipment (DME) suppliers.

6 This benefit also applies to those younger than age 19.

7 Counseling services for breastfeeding (lactation) can be provided or supported by a plan doctor or hospital provider, such as a pediatrician, obstetrician/gynecologist or family medicine doctor, and hospitals with no member cost share (deductible, copay, coinsurance). Contact the provider to see if such services are available.

8 A cost share may apply for other prescription contraceptives, based on your drug benefits.

9 Your cost share may be waived if your doctor decides that using the multisource brand is medically necessary.

Skip the ER

When it's not an emergency, get quick care with these options

When you need care right away and your doctor isn't available, the emergency room (ER) might be your first choice. But did you know many ER visits are unnecessary? ERs aren't the best choice in every situation, especially when you can **save about \$1,100** by going somewhere else when it's not an emergency.^{1,2,3} And you probably won't have to wait as long.

Here's what to do when you need care fast

Step 1: Call your primary care doctor or 24/7 NurseLine

Your doctor can help you decide where to get care, whether it's a visit to his or her office, going to the ER or somewhere else. If your doctor isn't available, you can call the 24/7 NurseLine at the number on the back of your ID card to help you decide what to do.

Step 2: If it's not an emergency, choose one of these options to save you time and money

Depending on your needs, you've got these choices:

- “**Retail health clinic** — Usually in a major pharmacy or retail store where you can get basic health care services from a health care professional.
- “**Walk-in doctor's office** — No appointment is needed for routine care and common illnesses.
- “**Urgent care center** — For conditions that need care right away such as stitches, lab tests or X-rays.
- “**LiveHealth Online** — Have a video visit in minutes with a board-certified doctor 24/7 on your smartphone, tablet or computer with a webcam. No appointment is needed. Just go to [livehealthonline.com](https://www.livehealthonline.com) or download the free app to register and get started.

These options are more convenient than the ER. They're often open at night and on weekends, so you don't have to wait to get treated.

When to head to the ER

When you think it's a true emergency, call **911** or go to the nearest ER.

Remember

If you go to the ER when it's NOT an emergency, you could be responsible for the full cost of treatment.

Where to get care³

	Who usually provides care	Estimated average costs ²	When to go

Need care fast?

Rather than waiting at the ER, you can save time by going to one of the quick care options shown above.

Be prepared

“ **Get the right care.** Whether that’s finding the right doctor, specialist, therapist or something else altogether. Just use the **Find a Doctor** tool at anthem.com or call the **Member Services** number on your ID card and we’ll guide you somewhere that’s part of your plan.

“ **Find care near you whenever you need it.** Download the **Anthem Anywhere** app to find an urgent care center, retail health clinic or walk-in doctor’s office quickly and get driving directions. Just search for “Anthem Anywhere” at the App Store[®] or Google Play.[™]

Money-saving tip

Visit hospitals and doctors that are in your plan. If you don’t, you’ll often pay much more out of pocket for your care.

¹ If you get care from a health professional or facility that is not in your health plan, you may have much higher out-of-pocket costs.
² National averages of the total cost, not what members paid, based on Anthem members’ commercial paid claims from January 1, 2016 through December 31, 2016.
³ If you use the ER and it’s not a true emergency, your claim could be denied and you may be responsible for the full cost of your ER care.

During this time, it's normal if you want a little extra support to help you with the way you're feeling. Our partners at PsychHub are here to help you through social isolation, job loss and mental health issues from the COVID-19 pandemic.

[COVERAGE OPTIONS FOR DISPLACED EMPLOYEES](#)

If you've been displaced from your job, you have coverage options available during this challenging time. No matter what your budget or care needs are, the COVID-19 Coverage Option Hotline can help support you. Call **1-888-832-2583** between 8:30 a.m. and 8 p.m. ET, Monday through Friday. Have your current income level and ZIP ready, and a representative will assist you.

[FIND LOCAL SOCIAL SUPPORT SERVICES](#)

Right now, many people need help with food, housing, job training, transportation and social services. Aunt Bertha, a social care network, can help you find free and reduced-cost programs providing COVID-19 support and resources in your area.

[SYDNEY CARE COVID-19 SUPPORT](#)

We have created support tools to help you quickly understand your potential risk for COVID-19. The Sydney Care mobile app's new Coronavirus Assessment tool gives you a quick and easy way to assess your symptoms and find a testing facility in your area. Sydney Care is free and available on your mobile device through Google Play™ or the App Store®, and works together with your Sydney Health or Engage Wellbeing apps.

[SYMPTOM ASSESSMENT](#)

It's normal to wonder about symptoms you may be experiencing. This tool asks you five simple questions based on guidelines from the Centers for Disease Control and Prevention to help you understand what your symptoms mean.

[LOCATE A COVID-19 TESTING FACILITY](#)

Not everyone needs to be tested for COVID-19. Testing is still mostly reserved for people who likely have the disease. Priority is given to people displaying symptoms; anyone at high risk for complications, as well as essential workers, particularly those in health care. If your doctor orders a test for you, you can easily find your nearest test facility just by entering your state and county.

How to use your plan

Once you've chosen a plan, explore how to make the most of your benefits. Here you'll learn simple ways to make using your plan easy. Plus, you'll discover tools and resources that can help you reach your health and wellness goals. With Anthem, supporting your healthiest self is all part of the plan!

How to use your plan

Use your ID card right from your phone

Introducing the **Sydney Health** mobile app. With **Sydney Health** you can find everything you need to know about your benefits – all in one place. You'll have a custom experience that's based on your plan, your specific health care needs and lots more. And you can quickly access your digital ID card to show it to your doctor or pharmacy. You can even use **Sydney Health** to track your health goals, find care, compare costs, and manage your claims.

Have a question? **Sydney Health** acts like a personal health guide, answering your questions and connecting you to the right resources at the right time. And you can use the chatbot to get answers quickly. **Sydney Health** makes it easier to get things done, so you can spend more time focusing on your health. Get started by downloading the **Sydney Health** mobile app.

Register for online tools and resources

Accessing your health plan on your mobile phone or computer makes life so much easier. Register on the **Sydney Health** mobile app and **anthem.com** to get personalized information about your health plan and more. You can:

- Quickly access your digital ID card.
- Find a doctor and estimate your costs before you go.
- Look at your prescription drug benefits, check the price of a drug and find a pharmacy near you that's in your plan.
- View your claims, see what's covered and what you may owe for care.
- Get support managing your health conditions and tracking your goals.
- Update your email and communication preferences.

How to use your plan

Find a doctor in your plan

The right doctor can make all the difference – and choosing one in your plan can save you money, too. So you'll be happy to know your plan includes lots of top-notch doctors. If you decide to get care from doctors outside the plan, it'll cost you more and your care might not be covered at all.

It's easy to find a doctor in your plan. Simply use the **Find a Doctor** tool on the **Sydney Health** mobile app or at **anthem.com** to search for doctors, hospitals, labs and other health care professionals.

Schedule a checkup

Preventive care, like regular checkups and screenings, can help you avoid health problems down the road. Your plan covers these services at little or no extra cost when you see a doctor in your plan:

- Yearly physicals
- Well-child visits
- Flu shot
- Routine shots
- Screenings and tests

Check your plan details on the **Sydney Health** mobile app or **anthem.com** to confirm what preventive care is covered.

How to use your plan

See a doctor from home

You can have a video visit with a doctor using your mobile phone, tablet or computer with a webcam, whether you're at home, at work or on the go. Doctors are available around the clock for advice, treatment and prescriptions.¹ Just go to **livehealthonline.com** or download the LiveHealth Online mobile app to get started.

Where to go for care when you need it now

When it's an emergency, call 911 or head to the nearest emergency room.

But when you need nonemergency care right away:

- Check to see if your primary care doctor can see you.
- Search for nearby urgent care – and avoid costly emergency room visits and long wait times.
- See a doctor anytime using LiveHealth Online. It works on your mobile phone, tablet or computer with a webcam.
- Call the 24/7 NurseLine and get helpful advice from a registered nurse.

¹ Online prescribing only when appropriate based on physician judgment. LiveHealth Online is the trade name of Health Management Corporation.

Your pharmacy benefits

What your plan will cover

It's easy to get what you need, whether you take medicine every day or only once in a while.

Your pharmacy plan includes:

- One or more drugs lists. Be sure to check for your medications - the brand-name drugs and the generics that are included in your plan.
 - You can find out if the drug you take is included on the **Essential 4-tier** Drug List by visiting [anthem.com/abs/essentialdruglist](https://www.anthem.com/abs/essentialdruglist).

How your pharmacy benefits work

You pay your deductible

Before a plan starts to help pay for medicine, you may first pay a set amount out of your pocket. This is your deductible. You'll want to check the plan details to see if it has a:

- **Pharmacy deductible:** You first pay a set amount of drug costs out of your pocket and it's separate from a medical deductible. You have to pay your full pharmacy deductible before your plan starts to share the cost of your medicine.
- **Combined deductible:** You first pay a set amount for both covered medical care and drug costs out of your pocket.
- **No pharmacy deductible:** Your plan helps pay for medicine before you reach your deductible.

You and your plan share the costs

After you meet your deductible, your plan will share the cost of medicine. Your options include plans with different ways of sharing the cost:

- **Copays:** You pay a set amount, or copay, for medicine. Your copay will be based on which tier the drug is on. See [Save money with Tier 1 drugs](#) to learn more.
- **Coinsurance:** You pay a certain percentage of the drug's cost, which can be different based on the pharmacy you use.

Your pharmacy benefits

Save money with Tier 1 drugs

Prescription medicines or drugs are listed in groups called tiers. Your cost is based on which tier the drug is in. Tiers 1 and 2 usually include low-cost and generic drugs. You'll save the most money when you use Tier 1 drugs.

Once you're a member, you can check the price of a drug at different pharmacies at [anthem.com](https://www.anthem.com) and see if there are lower-cost drugs.

	Drug type	Cost
Tier 1	Preferred generic	\$
Tier 2	Preferred brand name and newer, more expensive generic drugs	\$\$
Tier 3	Nonpreferred brand name and generic drugs	\$\$\$
Tier 4	Preferred specialty drugs (brand name and generic)	\$\$\$\$

Simple ways to save money on medicine

- Find a pharmacy in your plan.
- Talk to your doctor about generic medicines.
- See if an over-the-counter option is available.

Make the most of your pharmacy benefits

You can manage your prescriptions and costs at **anthem.com**. Simply log in and explore the following ways to save:

- 1. Search the drug list.** Find out if your drugs are covered and which tier they're in. Lower-cost drugs and generics are usually in Tiers 1 and 2. You'll save the most money when you use Tier 1 drugs.
- 2. Price a medication.** See how much a medicine costs. You can compare retail drug costs at local pharmacies and see the price of generic options. Results will include the cost of up to a 90-day supply and home delivery pricing.
- 3. See if there are generic options.** If you're taking a brand-name drug, you can find a list of generic options that cost less, or ask your doctor.
- 4. Choose a pharmacy that's in your plan.** You have many retail pharmacies to choose from. Use a pharmacy that is in your plan to get the best price. To find a pharmacy in your plan, visit **anthem.com/pharmacyinformation/networks** and choose your network list. Your plan uses the National network list of pharmacies.

Where to get care

24/7 NurseLine – You can connect with a registered nurse who'll answer your health questions wherever you are – anytime, day or night. They can help you

decide where to go for care and find providers in your area. All you have to do is call **1-800-337-4770**.

Case Management – If you're coming home after surgery or have a serious health condition, a nurse care manager can help answer your questions about your follow-up care, medicines and treatment options, coordinate benefits for home therapy or medical supplies, and find community resources to help you. Your nurse care manager will probably call you, but you also can call the Member Services number on your ID card.

ConditionCare – Get support from a dedicated nurse team to manage ongoing conditions like asthma, chronic obstructive pulmonary disorder (COPD), diabetes, heart disease or heart failure. Work with dietitians, health educators and pharmacists who can help you learn about your condition and manage your health.

Future Moms – This program can help you take care of yourself and your baby before, during and after pregnancy. You can talk to registered nurses 24/7 about your pregnancy, newborn care and more. Plus, you'll have access to dietitians and social workers, as needed.

Meet My Health Dashboard

Your personal guide to better health and well-being — from Sydney Health

With My Health Dashboard on the Sydney Health mobile app, it's all about you. You'll always be able to find the health information you're interested in. Whether it's health and wellness tips you can use right now or personalized action plans you can follow to reach your health goals. My Health Dashboard is tailored to your individual health journey every step of the way.

1. Decide what's important to you

To get the most out of My Health Dashboard, just tell Sydney what matters to you. Get started by taking a quick, online health assessment. Sydney can personalize your dashboard and help you zero in on the goals you want to meet.

2. Pick an action plan

The best way to meet your health goals is with an action plan. Choose between *Get Active*, *Eat Healthy* and *Achieve a Healthy Weight*. In each plan, Sydney guides you along a path of activities developed by health experts. Move at your own pace and make progress on your goals in 30 days or less.

3. Personalize your action plan

Throughout your plan, you make choices based on what fits your lifestyle. Cut out sugar or pile on the veggies, commit to cardio or focus on mindfulness. Just be sure to sync your wearable fitness device to track every step. If your goals change or you want to try something new, you can switch to a different action plan any time.

4. Explore videos and articles

There's more you can do with My Health Dashboard, too. Get the tips you need to live healthy with videos and online articles. You can even find nutritionist-approved recipes and meal plans.

5. Keep going

Once you're on your way, Sydney helps you stay motivated with profile badges and points. Because who couldn't use some extra encouragement and a pat on the back for the hard work it takes to live healthy?

Support for you — when you need it

Anthem has resources for you and your family when you need it most. Use My Health Dashboard in Sydney Health to find and connect with the many clinical and well-being programs available, and get help with everything from pregnancy to heart disease.

Top it all off with My Health Rewards

My Health Rewards includes ways to earn up to \$150 for the hard work you've put in, to use however you want. Get a massage, buy some new fitness gear, treat yourself for your hard work!

Complete My Health Dashboard activities to earn points. When you reach your first points milestone, you'll get a My Health Rewards card preloaded with money. Then, each time you reach a milestone, more money will be automatically added to your card. Your My Health Rewards card can be used wherever major credit cards are accepted.*

What if you had a nurse in your back pocket – someone knowledgeable you could talk to any time of the day or night, 365 days a year?

That's why Anthem Blue Cross and Blue Shield (Anthem) offers 24/7 NurseLine, a resource you call when life throws you a curve ball.

While 24/7 NurseLine may be your first line of defense for the unexpected, it's also part of Anthem's whole-health approach. The registered nurses can help you with your baby's fever, give you allergy relief tips and advise you where to go for care.

They can also:

- Help you find providers and specialists in your area.
- Give you referrals to LiveHealth Online, a tool that allows you to have live video chats with board-certified doctors using a smartphone, tablet or computer and webcam.*
- Enroll you and your dependents in valuable health management programs for certain health conditions.
- Remind you about scheduling important screenings and exams, including dental and vision checkups.
- Provide guidance during natural catastrophes and health outbreaks.
- Offer links to health-related educational videos or audio topics.

24/7 NurseLine can connect you to Anthem's other health and wellness programs, so you have access to the best resources for the best health results.

Facing a health issue? We can help.

A hospital stay or long-term health problem can turn your life upside down. You may feel overwhelmed and not know where to get help and support.

That's why we have a team of registered nurses, supported by clinical experts, trained to help during these stressful times. They're called nurse care managers, and they're your health care advocates. Their goal is to understand your needs from all angles and help you get the best care possible.

Depending on your needs, a nurse care manager might help you:

- Find out more about your health issue and your treatment options.
- Talk with your doctors and the rest of your health care team — and encourage them to talk with each other.
- Review your health plan to help you save money and get the most value from your plan.
- Connect with resources near you, like home care services and community health programs.
- Take steps to make healthy changes in your life.

Your nurse care manager will probably call you

But if you don't pick up or if you want to reach out to us about the program, you can call the number on the back of your card and ask for Case Management.

This service doesn't cost anything extra.

Keep in mind that the nurse doesn't provide hands-on care to you. It's up to your doctors and the rest of your health care team to do that. But the nurse can work with you and your team to keep the focus where it belongs — helping you manage your health and feel better. Here's how it works:

Nearly 9 out of 10 members who use this service say they're "very satisfied" and would recommend the program to another member.¹

- **Get started.** In most cases, someone from this program contacts you directly. You can also call the Customer Service number on your member ID card or the health benefits team where you work. Ask to get in touch with the Case Management team. Your nurse will call you and get to know you. You'll talk about your current health situation and how it affects you. But you'll also talk about your health goals—and how your nurse can help you reach them.
- **Stay in touch.** Your nurse will call you regularly to see how you're doing. You can get support with any health issues. This is important because your needs may change over time. You'll also have your nurse's direct phone number, so you can call if any questions or problems come up.
- **Get better.** If you don't think you need help anymore, just let your nurse know. You can stop participating at any time.
- **See us at home or the hospital.** Sometimes we may offer to send a health professional to your home, to help coordinate your care or connect you with community resources that can support your recovery after a hospital stay.²

An extra helping hand is a phone call away. Call Customer Service at the phone number on your ID card and ask for Case Management. To learn about other member programs available to you, visit your health plan's website.

¹ 2017 Clinical Satisfaction Study: Case Management Program.
² Not available for all funding types. Varies by market and geographic area.

LiveHealth Online

Frequently asked questions and answers

What is LiveHealth Online?

LiveHealth Online lets you have a video visit with a board-certified doctor using your smartphone, tablet or computer with a webcam. No appointments, no driving and no waiting at an urgent care center. Doctors are available 24/7 to assess your condition and, if it's needed, they can send a prescription to your local pharmacy.*

Use LiveHealth Online if you have pinkeye, a cold, the flu, a fever, rashes, infections, allergies or another common health condition. It's faster, easier and more convenient than a visit to an urgent care center.

Why would I use LiveHealth Online instead of going to visit my doctor in person?

LiveHealth Online isn't meant to replace your primary care doctor. It's a convenient option for care when your doctor isn't available. LiveHealth Online connects you with a doctor in minutes. Plus, you can get a LiveHealth Online visit summary from the *MyHealth* tab at livehealthonline.com to print, email or fax to your primary care doctor.

LiveHealth Online should not be used for emergency care. If you have a medical emergency, call 911 right away.

When is LiveHealth Online available?

Doctors are available 24/7, 365 days a year.

How does LiveHealth Online work?

When you need to see a doctor, simply go to livehealthonline.com or use the LiveHealth Online mobile app. Pick the state you're in and answer a few questions.

Setting up an account allows you to securely store your personal and health information. Plus, you can easily connect with doctors in the future, share your health history and set up online visits at times that fit your schedule.

Once connected, you can talk with the doctor as if you were in a private exam room.

How much does it cost to use LiveHealth Online?

Your Anthem plan includes benefits for video visits using LiveHealth Online, so you'll just pay your share of the costs — usually \$59 or less for a doctor visit.

Will I be charged more if I use LiveHealth Online on weekends, holidays or at night?

No, the cost is the same.

How do I pay for a LiveHealth Online visit?

You can use PayPal, American Express, Visa, MasterCard and Discover cards to pay for an online doctor visit. Keep in mind that charges for prescriptions aren't included in the cost of your visit.

Is there a LiveHealth Online app that I can download to my smartphone?

Yes, search for "LiveHealth Online" in the App Store® or on Google Play™. To learn what mobile devices are supported and get instructions, go to livehealthonline.com and select **Frequently asked questions** under the *How it works* tab.

What type of computer do I need to use LiveHealth Online?

You'll need high-speed Internet access, a webcam or built-in camera with audio. To learn what computer hardware and software you need, go to livehealthonline.com and select **Frequently asked questions** under the *How it works* tab.

Do doctors have access to my health information?

It depends on whether or not you set up an account. With a LiveHealth Online account, you can allow doctors to access and review your health information from past visits. Also, to help keep track of your own health information, you can record it at livehealthonline.com. Once you sign in, go to the *MyHealth* tab and then select **Health Record**.

How long is a LiveHealth Online visit?

A typical LiveHealth Online visit with a doctor lasts about 10 minutes.

Can I get online care from a doctor if I'm traveling or in another state?

Yes, just select the state you're in under **My Location** on livehealthonline.com or with the app, and you'll only see doctors licensed to treat you in that state. Don't forget to change the state back when you get home.

What if I still have questions about using LiveHealth Online?

Send an email to customersupport@livehealthonline.com or call toll free at **1-888-548-3432**.

How to access care around the world

The BlueCard Worldwide® Program gives you benefits when you travel outside the U.S.

If you're outside the U.S. and need care, you can:

Go straight to the nearest hospital in an emergency.

Go to bluecardworldwide.com to search for a doctor or hospital.

Use the BlueCard Worldwide app to find a doctor or hospital.

Call the BlueCard Worldwide Service Center 24/7 at 1-800-810-2583 (BLUE) or call collect at 1-804-673-1177. They can help you set up a doctor visit or hospital stay.

Download the BlueCard Worldwide app today

With the app, you can:

- Search for a doctor or hospital.³
- Get medical terms and phrases for many symptoms translated — and even use an audio feature to play the translation.³
- Find a drug's generic name, local brand name and if it's available.
- Get information about how to find and contact a U.S. embassy.

What if you get care from a doctor or hospital who is not part of the BlueCard Worldwide Program?

1. You will need to pay up front in full for your care.
2. Download an international claim form at bluecardworldwide.com or get a form by calling Member Services at the number on your ID card.
3. Fill out the claim form and send it with the original bills to the BlueCard Worldwide Service Center.

The legal stuff we're required to tell you

How we keep your information safe and secure

As a member, you have the right to expect us to protect your personal health information. We take this responsibility very seriously, following all state and federal laws, as well as our own policies.

You also have certain rights and responsibilities when receiving your health care. To learn more about how we protect your privacy, your rights and responsibilities when receiving health care, and your rights under the Women's Health and Cancer Rights Act, go to [anthem.com/privacy](https://www.anthem.com/privacy). For a printed copy, please contact your Benefits Administrator or Human Resources representative.

How we help manage your care

To see if your health benefits will cover a treatment, procedure, hospital stay or medicine, we use a process called utilization management (UM). Our UM team is made up of doctors and pharmacists who want to be sure you get the best treatments for certain health conditions. They review the information your doctor sends us before, during or after your treatment. We also use case managers. They're licensed health care professionals who work with you and your doctor to help you manage your health conditions. They also help you better understand your health benefits.

To learn more about how we help manage your care, go to [anthem.com/memberrights](https://www.anthem.com/memberrights). To request a printed copy, please contact your Benefits Administrator or Human Resources representative.

Special enrollment rights

Open enrollment usually happens once a year. That's the time you can choose a plan, enroll in it or make changes to it. If you choose not to enroll, there are special cases when you're allowed to enroll during other times of the year.

Get the full details

Read your **Certificate of Coverage**, which spells out all the details about your plan. You can find one [anthem.com](https://www.anthem.com).

- **If you had another health plan that was canceled.** If you, your dependents or your spouse are no longer eligible for benefits with another health plan (or if the employer stops contributing to that health plan), you may be able to enroll with us. You must enroll within 31 days after the other health plan ends (or after the employer stops paying for the plan). For example: You and your family are enrolled through your spouse's health plan at work. Your spouse's employer stops paying for health coverage. In this case, you and your spouse, as well as other dependents, may be able to enroll in one of our plans.
- **If you have a new dependent.** You gain new dependents from a life event like marriage, birth, adoption or if you have custody of a minor and an adoption is pending. You must enroll within 31 days after the event. For example: If you got married, your new spouse and any new children may be able to enroll in a plan.
- **If your eligibility for Medicaid or SCHIP changes.** You have a special period of 60 days to enroll after:
 - You (or your eligible dependents) lose Medicaid or the State Children's Health Insurance Program (SCHIP) benefits because you're no longer eligible.
 - You (or eligible dependents) become eligible to get help from Medicaid or SCHIP for paying part of the cost of a health plan with us.
