

Applying for a Presidential Tuition Waiver

A Presidential Tuition Waiver (PTW) is the “last resort” for students who are seeking assistance with their balance because they have no other aid to apply to their account. This award will pay the in-state tuition of one class, generally three (3) credit hours, and can only be granted once per semester (restrictions may apply). Please note that recipients of this waiver are responsible for the remainder of their balance after this award is applied. Funds are limited.

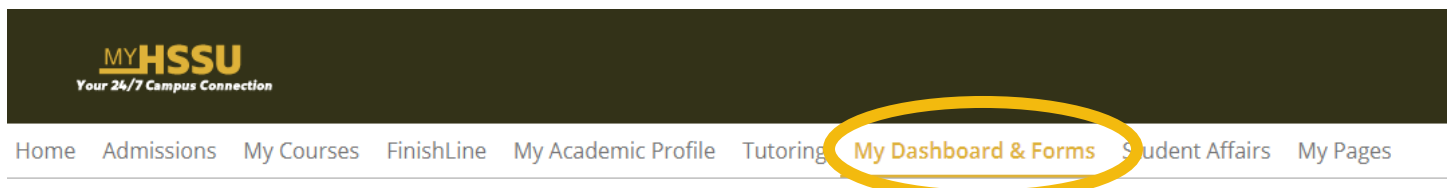

To be considered for this award, students must:

- Maintain a minimum cumulative grade point average (CGPA) of 2.5
- Be enrolled in the session for which the award is to be applied
- Exhausted all other sources of aid (including Pell grant, Direct Subsidized, and Unsubsidized loans, and Parent PLUS loans for dependent students)
- Be in good financial standing with the institution with zero prior balance
- Have not received a refund greater than or equal to the cost of covering at least one class during the academic year of the semester in which assistance is being sought.

Special consideration is granted to students who are:

- Graduating seniors in a “Degree Only” course
- Enrolled in less than 6 credit hours since loans cannot be applied under this circumstance.
